

System Request

Project Name: Portfolio and project Hub

Project Sponsor: Joshua Lind of Double Thought Media

Phone: 206.200.9456

Email: josh@doublethoughtmedia.com

Business Need:

Create a system that will display work samples, skills and experience. The system will also host projects for clients.

Functionality:

This system will allow clients to browse information easily and allow easy admin for ongoing additions. The navigation should be dynamically extendable, and content also drawn from separate documents. The system's style should be maintained through separate control structures.

Expected Value...

Tangible

Client recruitment
Client hosting
Customer Service

Intangible

Ease of communication
Client confidence
Business branding

Special Issues or Constraints

- » Not likely to be a first work priority (clients first.)
- » Virtual hosting.
- » Non-database information storage.
- » Needs to show skills but maintain usability.
